25 PERSONS INJURED

Natural Gas Explosion at Pittsburg, Pa.

TWO ARE FATALLY HURT

When Match Was Struck to Light the Kitchen Fire, Terrific Explosion Followed—Two Persons Blown Through Windows—Dwelling Shattered.

Pittsburg, Pa., Nov. 16.—About twenty-five persons wer injured Friday, two fatally, and a dwelling house was torn to pieces, when an explosion of natural gas occurred in a house located at No. 103 Elm street, this city. In the fire which followed two firemen were severely burned.

Fatally injured are:

Mrs. Sarah H. Grossman, blown through roof.

Jacob Bergerman, blown through roof.

Seriously injured: Three members of the Grossman family; three members of the Moidel fally, which also occupied the house, and Theo Bulner, a guest of the Grossman's.

About fourteen other persons in the neighborhood received injuries.

Windows in their houses were shattered by the concussion and plaster fell upon them.

Apparently gas had been leaking in a kitchen stove all night. Early Friday morning when a match was struck in the lower portion of the house to light the stove, there was a terrific explosion. The house was torn to pieces. The roof was blown high into the air, and the front and rear of the dwelling collapsed.

Mrs. Grossman and Jacob Bergerman, a boarder, apparently received the full force of the explosion, both being blown from their beds through the roof.

ALABAMA LEGISLATURE.

Some Doubts as to Passage of Constitutional Prohibition.

Montgomery, Ala., Nov. 16.—The house and senate were slow in getting to work, and passed few bills.

The former endorsed the bills for regulation of railroads, fixing penalties of the railroad commission and providing for inspection of books of corporations in contests. The senate passed a measure for statements of standards in cotton seed meal, and spent the rest of the day in speaking on the maximum rate bill.

The state corporation measure passed by the house was referred to the senate, and a public hearing will be had on it by the committee.

It will very likely pass. There is very grave doubt that the bill for constitutional prohibition will get through.

WHITE SLAVE TRAFFIC.

Chicago Charged With Being Clearing House for Same.

Chicago, Nov. 16.—Charges that Chicago is the clearing house center of white slave traffic, which covers not only the United States, but which sells unfortunate girls to Panama and the harems of Turkey and Egypt, were made Thursday night by Miss Rose Johnson, a London rescue worker, at a mass meeting held at the Central Y. M. C. A.

Judge Fred L. Fake, chairman of the meeting, told of numerous instances where it had appeared that a white slave syndicate was doing business in Chicago.

Many Italians Jailed.

Nashville, Tenn., Nov. 16.—There are between forty and fifty Italians in jail at Columbia, Tenn., charged with an attempt to beat their board bills. These men were brought from the city of St. Louis, Mo., under contract to work on railroad construction at $1.25 per day. On arrival they claim they were given $1.85 and refused to go to work.

Wireless Station Burned.

Nantucket, Mass., Nov. 16.—The Marconi wireless station at Siasconset was destroyed by fire Friday. The loss will be seriously felt, as operations will be interrupted for several weeks.

GARY ON FINANCES.

Says There Is Too Much Fuss Over So-Called "Financial Flurry."

Chicago, Nov. 16.—Elbert H. Gary, chairman of the board of directors of the United States Steel corporation, thinks there is "too much discussion" of the financial conditions of the country.

"All this talk about the so-called tight money market makes people really believe there is one when, as a matter of fact, everything is in first class shape," he said:

"If I thought there was anything the matter with the country's finances I would not hesitate to give my views at length. But what is the sense in making a great fuss over the so-called financial flurry?

"In a little while all the disturbance will be over, and then the persons who have been doing a lot of talking about the temporary financial upset will feel silly, I think.

"It is not a time for talking. It is a time for a strengthening of the general care in unquestionable financial soundness and abounding material prosperity of the nation."

AUTHORESS SUICIDES.

Mrs. May French Takes Deadly Dose of Cyanide of Potassium.

San Francisco, Calif., Nov. 16.—Mrs. May Frenon, poetess and authoress, ended her life Thursday by taking cyanide of potassium at the Bungalow of the poet George F. Sterling, at Carmel-by-the-Sea, a rendezvous of artists and writers on the Pacific ocean below Monterey.

No reason can be assigned for the suicidal act and her friends seek in vain for some explanation for the impulse which prompted her to take her life in such a sudden and tragic manner.

Miss French enjoyed good health, and her life, to all appearances, ran smoothly, giving every promise of a brilliant career. For some years past she had been a contributor to various coast magazines, and some of her verses and prose have found their way into eastern publications. Miss French was 24 years of age.

BRYAN MAKES NO FIGHT.

But He will Accept Nomination If It Is Tendered Him.

Lincoln, Neor., Nov. 16.—William J. Bryan will accept the democratic nomination for president in 1908, but he will neither ask for nor make a fight for it.

Mr. Bryan says that for a year or more he has been pressed to answer the question, "Will you accept the nomination?" and he believes the public is entitled to an answer and to know the position he occupies. The question that ought to weigh most, he says, is whether his nomination will strengthen the democratic party more than the nomination of some one else. Not only will he not seek or ask for the nomination, but he will not assume to decide the question of availability, and if the prize falls to another, he will neither be disappointed nor disgruntled. At the same time, he denies that he has waited this long in a desire to see whom the republicans are likely to nominate, or to ascertain the chances of victory.

Indicted for Peonage.

Pensacola, Fla., Nov. 16.—Thomas M. Graham and J. B. Graham, large naval stores operators in Escambia county, Alabama, were indicted Wednesday by the United States grand jury for peonage. The Grahams are accused of holding negroes in peonage. One count charges that they crossed into Florida and secured a man from the plant of the Mayes Turpentine company. Mr. Mayes objected and a volley is said to have been exchanged. The trial of the Grahams will begin in Pensacola next week.

Steamers in Collision.

Mobile, Ala., Nov. 16.—The British steamer Newlands, loaded and ready to depart for the continent with a cargo of timber, collided with the Norwegian steamer Mercator here Thursday in the harbor. The latter vessel was damaged to the extent of $5,000. The Mercator was turning in the harbor when the Newlands struck her. A libel was filed against the Newlands.

DID BARNEY SUICIDE?

Some Doubts as to His Taking His Own Life,

THE OPINION OF DR HANLON

He Holds the Opinion that Mr. Barney Did Not Kill Himself Intentionally—Coroner on the Other Hand Has Different Opinion.

New York, Nov. 16.—Though Charles T. Barney, former president of the Knickerbocker Trust company, whose sudden death from a gunshot wound startled his friends and the financial world generally, has been officially declared a suicide by the coroner, according to Dr. George A. Dixon, the family physician, one of the first doctors to be summoned, Mr. Barney's last words to him were "Doctor, this was accidental."

Dr. Hanlon, the coroner's assistant, who afterward extracted the bullet, holds the opinion that Mr. Barney did not kill himself intentionally.

"It seems to me practically impossible," he said, "that a man should kill himself in such a way. Judging from Mr. Barney's characteristics, his physique and his determination, I cannot believe that he shot himself in such a way. He would have taken better aim. This is not a case of suicide."

Mr. Hanley, head of the homicide department of the district attorney's office who was sent for by George L. Nichols, of counsel for Mr. Barney, shortly after the shooting held the same views.

Coroner's Opinion.

Coroner Julius Harburger, on the other hand, states positively that it is a clear case of suicide.

"It could have been nothing else," said Mr. Harburger.

"Mr. Barney shot himself and there can be no doubt about that. I believe he shot himself because of the events of the last few days, judging from all the circumstances surrounding the case."

A third view is held by a number of other persons. These say that Mr. Barney was holding the pistol in front of him preparatory to raising it to shoot, when it accidentially went off.

However, Mr. Barney's friends all admit that his embarrassed financial condition greatly worried him; that he had lost ambition and they assert that if he committed suicide, as it appears, he committed the act in a weak moment of despondency.

Martin & Echols, the counsel of Mr. Barney, have given out a statement of Mr. Barney's finances in which they say:

"While Mr. Barney was financially embarrassed, his embarrassment was only temporary. His property consisted largely of real estate, and the stocks of banks and trust and realty companies, which could not be sold under existing conditions, except at enormous sacrifices. All of his creditors had been seen and had signified their entire willingness to extend the payment of his obligations for a sufficient period to enable his assets to be converted into cash. In order to accomplish this, a plan had been prepared involving the transfer of all of his assets to a corporation which should issue its obligations to the creditors, such obligations to be indorsed by Mr. Barney. This plan had been approved by all of the creditors to whom it had been submitted.

Assets Exceeded Liabilities.

"As a preliminary to submitting such a plan to the creditors, an examination of Mr. Barney's books and affairs was made by an outside expert accountant. This examination shows that on the basis of the present low market values, both of real estate and securities, the assets of Mr. Barney exceeds all his liabilities of every kind by the sum of $2,517,317. The total indebtedness of every kind of Mr. Barney to the Knickerbocker Trust company is less than $375,000, a considerable portion of which is entirely contingent and in respect of which he had no direct liability."

Slot Machine Men Under Charges.

Birmingham, Ala., Nov. 16.—As the resultof a single day's work by Chief Deputy Lucien Brown, 20 warrants have been sworn out against the alleged operators of slot machines in Jefferson county and thirty warrants against the alleged conductors of blind tigers, ,in many of the latter of which stimulants are sold under the name of Hop Jack. Sheriff Higdon has begun a very strenuous crusade against the illegal liquor seling.

COLLEGE FOR TEACHERS.

Peabody Fund Trustees to Establish School at Nashville.

Boston, Mass., Nov. 16.—It was announced here Thursday that at the next meeting of the trustees of the Peabody fund, which will be held either in this city or in New York within the next month, a grant of $1,000,000 will be made for the establishment of a teachers' college at Nashville in connection with the Peabody normal of that city.

Dr. Samuel A. Green, secretary of the fund, stated that the grant to the Nashville college had been delayed owing to technical differences between the trustees and the state of Tennessee and the city of Nashville. These differences, however, have ben adjusted through the efforts of Richard Olney and Joseph H. Choate, a special committee of the trustees, appointed to take charge of the matter.

"We have gone into the plan of making grants for education in the south," Dr. Green said, "which was the main purpose of the fund in the mind of the founder. The plan is something along the same lines as the Carnegie grant."

The Peabody fund has been maintained for some years at about $2,500,000. It was established by George Peabody, the London banker.

TERRITORIAL CONVENTION.

Controlled Entirely by the Opponents of Governor Hoggatt.

Seattle, Wash., Nov. 16.—A cable dispatch to the Post-Intelligencer from Bue Junea, Alaska, says:

The republican territorial convention which convened here Thursday to elect delegates to the national republican convention has, as predicted, been entirely controlled by the opponents of Gov. W. B. Hoggatt. As a result of the strong turn of affairs, the delegations friendly to the governor, numbering between thirty and thirty-five, walked out of the convention. For a time it was thought that a rump convention would be held, but finally the bolters gave out the announcement that they would attempt no gathering of their own, but that a delegation would be sent to the national convention to oppose the seating of delegates from Alaska. The regulars remained in the convention and elected W. T. Perkins, of Nome, temporary chairman, and W. T. E. Culberson, temporary secretary.

HEARING IN WILL CASE ENDS.

Fortune of $200,000 Involved in Will of Mrs. Exley, of Savannah.

Savannah, Ga., Nov. 16.—The hearing in the case of the contested will of Mrs. Josephine V. Exley, by which a fortune of $200,000 was disposed of, was concluded Thursday before Judge Henry McAlpin, ordinary, and decision was reserved to be announced next Thursday.

Mrs. Exley, who died about a year ago, left her money to Mrs. Willa M. Steed, who was reared by Mrs. Exley and regarded as a daughter, though never legally adopted. About thirty-six relatives are contesting the will.

Died of Heart Failure.

San Antonio, Nov. 16.—Martinez Del Rio, probably the most prominent lawyer of Mexico died Thursday night at a local hotel, of heart failure. He had been a visitor at the San Antonio international fair during the afternoon, it being Mexico day. He was a warm personal friend and ardent supporter of President Diaz.

Suspected of Robberies.

Birmingham, Ala. Nov. 16.—Marvin Young, a young man wanted for a series of robberies committed in West End three years ago, has been arrested in a saloon in Birmingham. He is suspected of being the man who held up and robbed Deputy Sheriff S. N. Curl.

THE BRADLEY'S TRIAL

Prosecution Will Soon Complete Its Testimony.

DEFENSE READY TO BEGIN

Celebrated Case Being Tried at Washington, D. C., In Which a Woman Is on Trial for Her Life, Is Nearing Its Close.

Washington, Nov. 16.—[illegible] trial of Mrs. Bradley was resumed [illegible] Friday it was apparent that the prosecution would soon complete its testimony, and the attorneys for the defense were prepared to present their side of the case as speedily as possibl.

At the adjournment of court Thursday District Attorney Baker was engaged in an effort to recall [illegible] members of the police force the details of the confession said to have been made by Mrs. Bradley immediately after her arrest on the charge of shooting former Senator Brown. Up up to that time, Mr. Hoover had successfully opposed this purpose because, as he claimed, it was made under the false assumption on Mrs. Bradley's part that what she said would not be used against her.

The district attorney was not especially persistent in pressing the point and was quite inclined to drop it altogether. The only remaining feature of his direct presentation of the case is that relating to threats which it is claimed, Mrs. Bradley had made against Mr. Brown while she was still in Salt Lake City, and Mr. Baker notified Mrs. Bradley's attorneys that very little time would be consumed on this feature of the case.

It was stated on behalf of Mrs. Bradley that the defense would be begun with the presentation of testimony to sustain her plea that she was insane and irresponsible when the shooting occurred, but that this would be preceded by a statement from Mr. Hoover outlining in detail the evidence upon which this plea would be made.

PRAY FOR SUCCESS.

Prayers Offered by College Football Players for Victory.

Richmond, Va., Nov. 16.—For the first time in the history of the college so far as known, prayer was offered up Thursday by the students of Eartham college for the success of the Eartham football team Saturday.

In consequence, every player is trying to do his best to demonstrate the efficiency of the supplication. Eartham college is conducted under the auspices of the Quakers.

The opponents of the Eartham team, a team from Depauw university, are expected to rely solely on their strength and common gray matter.

Officers Are Elected.

Savannah, Ga., Nov. 16.—The annual meeting of the Southern Express company, held here, was attended by President M. J. O'Brien, of New York, and other officers. There was no change in either the officers or directors. The Southern Express company is owned largely by Mr. H. B. Plant, the millionaire yachtsman of New York. The officers of the company, who were re-elected, are: President, M. J. O'Brien, of New York, vice president, O. H. Tiffany, New York; vice president, C. H. Lane, of Chattanooga. These with Loop O. M. Sadler, of Charlotte, N. C.; T. W. Leary, of Atlanta; J. J. O'Brien, of Chattanooga, E. M. Williams, of New York, and S. R. Calbert, of Washington, constitute the board of directors.

Executive Mansion Sold.

Lincoln, Neb., Nov. 16.—Governor George L. Sheldon was notified today that the executive mansion has been sold for the delinquent taxes for 1899, and unless the taxes and costs were paid, a tax deed would be issued according to law. The taxes amount to $332 and the interest and cost to $83. The mansion was purchased in June, 1899, by the state from D. E. Thompson, United States ambassador to Mexico, for $20,000.

UNIVERSITY BOYS WON EASY VICTORY

Riverside Defeated by Gainesville Boys by Tremendous Score.

TWENTY-ONE TO BIG GOOSE-EGG

Some Beautiful Plays Were Made, and the Defense of the University Boys Was As Strong As a Brick Wall. University's Good Work.

Jacksonville, Nov. 16.—Twenty-one to a big goose-egg was the score in the foot-ball game between the University of Florida and the strong Riverside team this afternoon. The game was well attended.

This was a pretty but one-sided game. Forsyth repeatedly carried the ball for good gains. Alderman tackled in his usual good style, at one time saving a touch-down.

Alderman, Rader and Forsyth twice captured the ball across the approaching goal.

A DELIGHTFUL OCCASION.

Miss Mamie Fewell Entertains in Honor of Her Fifteenth Birthday.

Upon the occasion of her fifteenth birthday, Miss Mamie Fewell entertained a large number of friends at her home on West Church street Friday afternoon from 4 to 7 o'clock, and those who attended reported a most delightful time.

The afternoon was passed in a manner appropriate to the occasion, there being many interesting, as well as amusing, games. Fishing for prizes was about the most amusing of the entire program, as it brought forth a great deal of merriment from the young folks. Thomas Swearingen secured the first prize, and Miss Eloise Douglass second prize, for fishing grape fruit.

There was also an interesting contest for shooting the bow and arrow, in which George Dell exemplified his accuracy and secured the prize.

The decorations were simple, but attractive. There were fifteen candles, representing the years of the young hostess' life, all burning brightly. These candles were located on a large cake, and were extinguished by fifteen boys and girls in turn, as follows: George Dell, Eloise Douglass, Bernice DeLand, Nell Raglin, Carrie Perry, T. J. Swearingen, Jr., Chester Harrold, Mason Richardson, Ruth Jernigan, Jeanette Morrison, Marion Manasse, Roy Nixon, Eleanor Nixon, Robert Jones and Wallace Parham.

Delicious refreshments of ice cream, cake and oranges were served, and at the hour of 7 the young folks departed, wishing the clever young hostess many happy returns of the day.

Miss Mamie is the daughter of Mr. and Mrs. Henry Fewell, and is quite popular among the young people.

Dancing Proves Fatal.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. J. W. McCollum & Co.

An Appreciation.

Editor Sun—During the past week it was my privilege to attend the services of the week of prayer held at the Methodist church by the ladies of the two missionary societies. The attendance was splendid, and the collection very good.

The writer has attended similar meetings elsewhere, but has never seen so much interest in the work at any other place. The Foreign Missionary Society, of which Mrs. T. F. McBeath is president, has 113 members, and the Home Missionary Society, of which Mrs. W. L. Floyd is president, has 102 members. Both societies are an honor to the church and the city. VISITOR.

A Correction.

In the write-up of the reception tendered by Mrs. J. L. Medlin [illegible] afternoon, The Sun stated that Miss Omera McCook, with Miss [illegible] lin, received the guests at the [illegible] This should have been Miss [illegible] McBeath, the charming daughter Prof. and Mrs. T. F. McBeath, [illegible] of Miss Omera McCook, and The Sun is glad to make the correction.

This is Worth Remembering

PROGRAM ANNOUNCED FOR WOMAN'S CLUB

Thirteenth Annual Session to be Held Here Next Week.

GRAND MEETING IS EXPECTED

Ladies from Every Section of the State, Representing the Best Elemement of Society, Will be Here—Public Reception Will be Held.

The thirteenth annual session of the Florida Federation of Women's Clubs, which will be held with the Twentieth Century Club of this city on Tuesday, Wednesday and Thursday, November 19, 20 and 21, promises to be the most interesting of the annual sessions held in the history of the organization. Not only have the ladies of the Twentieth Century Club anticipated this convention with a great deal of pleasure, but the business men and citizens generally have manifested an interest, with the result that the visitors to Gainesville upon this occasion are bound to make their departure with nothing but the kindliest feelings for the city and its people. No pains have been spared to make this one of the greatest successes this, the "Convention City," has ever had.

The ladies of the Twentieth Century Club have made, through their various committees, all arrangements for the convention, and the entertainment of delegates.

The chairmen of the local committees are as follows: Arrangements, Mrs. John W. Tench; Entertainment, Mrs. W. B. Taylor; Transportation, Mrs. A. L. Foster; Music, Mrs. R. A. Pecker; Press, Mrs. Thos. P. Hay; House, Mrs. G. Brumley; Depot, Mrs. J. L. Medlin; Local Invitation, Mrs. Tom F. McBeath; Ushers, Miss Clara Pound.

The meetings will be held in the elegant assembly hall of the Elks' Club, which affords a most desirable place for the holding of a convention, and the program for the event will be as follows:

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

Resolution of Thanks.

The members of the Woman's Home and Foreign Missionary Societies of the First Methodist church of Gainesville, Fla., hereby tender to Mr. H. H. McCreary, editor of The Gainesville Sun, their sincere thanks for his kindness in publishing the daily program of their meetings during the week, by which they have been assisted very much in advertising the services, and making the week of prayer a success and a blessing to many.

MRS. W. L. FLOYD,
MRS. J. B. PADGETT,
MRS. T. J. NIXON,
Committee for both societies.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Salvation Army Steamers.

London, Nov. 16.—According to the Shipping Gazette, there is a probability that the Salvation Army will soon own several trans-Atlantic steamers. The steamers will be used in connection with the Army's scheme for promoting Canadian immigration.

SEA ISLAND COTTON.

Savannah Demand Rather Firm for Everything Except Extra Shorts.

Savannah, Nov. 16.—The market early in the week was firm with a good demand for everything except extra choice, and good sales were made. Later the demand slacked off for the lower grades, but continued for fancy, which is only sparingly represented in the receipts.

The close was firm for fancy at steady to slightly better prices, but quiet and steady for the lower grades, with a decline in quotations for extra choice.

Quality of the receipts still poor, and the crop is evidently of a low grade. There were no new developments as to the size of the crop. The weather was favorable for picking, but killing frost occurred over a good part of the Sea Island section.

The following prices are based on factors' quotations:

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

Look, but Do Not See.

Passengers on a Staten Island ferryboat were watching a large ocean liner that steamed slowly up New York bay. The steamer was too far off for her name to be made out, but she was flying the German flag. For the space of fifteen minutes a hundred pairs of eyes were fastened intently upon the ship. After awhile the silence that prevailed on the deck of the ferryboat was broken by a woman's voice.

"Say," she said, "what has become of that flag? It was there when we first began to watch the ship."

Excited by the woman's exclamation, everybody in her immediate neighborhood put forth various conjectures as to the mysterious disappearance of the flag.

"They took it down ten minutes ago," volunteered a man finally. "Didn't any of you folks see them haul it in?"

Everybody looked sheepish. It was a fact that no one else had seen it. Although scarcely a glance had been diverted from the steamer during the greater part of the trip across the bay, the flag had been hauled down under the passengers' very eyes and only one man in the crowd had observed the maneuver.—New York Globe.

TWENTIETH CENTURY CLUB.

Interesting Meeting at the Home of Mrs. Dale Monday Afternoon.

A very interesting meeting of the Twentieth Centruy Club was held Monday afternoon at the residence of Mrs. W. M. Dale.

The president, Mrs. Tench, being away, the first-vice-president, Mrs. S. M. Davis, presided in a most delightful manner.

The most of the time was consumed by a discussion of matters preparatory to the convention of Woman's Clubs, which convenes in Gainesville next week.

Mrs. J. D. Stringfellow was the appointed leader for the afternoon, but owing to the lengthy business session the library program was deferred until another meeting with the exception of an entertaining selection read by Mrs. J. Bell.

All of the members are eagerly looking forward to the convention, looking forward to the convention, which will prove to be of so much benefit as well as pleasure.

Mrs. Harper will be the hostess of the next club meeting.

CHANGE OF SCHEDULE.

Atlantic Coast Line Will Inaugurate Winter Schedule Today.

As a significant warning of the approach of the tourist or winter season in Florida, the Atlantic Coast Line today will inaugurate the winter schedule, which affords more frequent accommodation to the traveling public.

Train No. 39, Jacksonville to St. Petersburg, will in future arrive at 12:45 instead of 1:10, leaving at 1.05 p. m. Train No. 40 from St. Petersburg to Jacksonville will arrive at 3 o'clock p. m. The night train, which will be inaugurated today, will reach here south-bound to St. Petersburg at 12:58 a. m, and north-bound for Jacksonville at 3:40 a. m., making a double-daily service between Jacksonville and St. Petersburg via Gainesville.

The Citra train will leave Gainesville for High Springs at 11:30 a. m., and returning, will leave for Micanopy, Citra and intermediate points at 3:25 p. m.

A Delightful Occasion.

The Philanthea Society of the First Methodist church gave a delightful party to their gentlemen friends of the Baracca Society at the home of Miss Gertrude Robertson, Alachua avenue, E., Friday evening. The occasion was well attended, and all who attended report a most enjoyable time.

The evening was passed in music, games and conversation, and at a late hour the guests departed with many obligations to their hospitable hostess, the Philantheas.

Delicious refreshments of hot chocolate, sandwiches and pickles, were served.

Banquet to Gov. Magoon.

Havana, Nov. 16.—To show the gratitude of the country for good government, the chamber of commerce has unanimously decided to give a banquet to Governor Magoon. It is planned to make a huge demonstration of the banquet and in furtherance thereof all the commercial, agricultural and industrial elements of the island will be represented.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

THE CIRCUIT COURT.

After Trying One Case, Court Adjourned Until Monday Morning.

The circuit court convened at 8:30 o'clock Saturday morning, pursuant to adjournment of Friday afternoon, His Honor Judge Wills presiding.

The first and only case of the day was that of the State vs. Robert Kinsler, charged with selling liquor in a county which had voted against the sale of same.

The defendant was arraigned and pleaded not guilty. Jury was called and sworn, evidence submitted, and a verdict returned of not guilty.

Whereupon the court adjourned without further action until Monday morning at 10 o'clock.

Street Car Men on Strike.

Louisville, Ky., Nov. 16—The motormen employed by the Louisville Street Railway company went on strike Friday morning, for an increase in wages and the reinstatement of several discharged men. The company employs about 1,100 men, of whom 900 are members of the Amalgamated Association of Street Railway Employees. Very few cars had been run up to 8:30 a. m. and these were at 8:30 a. m. loaded down with police. This is the second street car strike Louisville has experienced in seven months.

OLD TELEGRAPHER DEAD.

He Received First Message Over the Atlantic Cable.

New York, Nov. 16.—Wm. F. Shibler, who received the first message over the Atlantic cable, sent to President Buchanon by Queen Victoria, died Wednesday in Brooklyn.

Mr. Shibler was born in Baltimore 65 years ago. It was while acting as expert telegrapher in Washington that he received the cable message. He delivered it to the president and sent the president's reply to the queen. He also received the message from the front announcing the fall of Richmond at the close of the civil war.

To Help Southern Banks.

Washington, D. C., Nov. 16.—LeRoy Percy, a prominent banker and cotton grower in Mississippi, was a visitor at the white house Thursday, where he discussed with the president the matter of moving the cotton crop in the south. Mr. Percy said he could not speak for the president, but he predicted that the 10 per cent of emergency deposits drawn from New York banks would be sent to banks in the south and west. Percy spoke with seeming authority, and there is no longer any doubt of the fact that relief is to be given to both southern and western banks.

Telfair's Centennial.

McRae, Ga., Nov. 16.—Governor Hoke Smith spoke here Friday to a large gathering of the people of Telfair county, the occasion being the celebration of the Telfair centennial. Telfair county was organized one hundred years ago and several counties have since been made of territory that originally belonged to Telfair, the latest being the county of Dodge. Some time ago it was decided to hold a county centennial celebration to be accompanied by a county fair and to extend over three days. Friday was the last day of the celebration.

Dividends Are Declared.

New York, Nov. 16.—Directors of the Union Pacific Railroad company have declared a quarterly dividend of 2½ per cent on the common stock, which is unchanged from the rate of dividend of 10 per cent annually, established about a year ago. The directors of the Southern Pacific declared a semi-annual dividend of 3½ per cent on the preferred stock and a quarterly dividend of 1½ per cent on the common stock. These dividends are unchanged from the last previous quarter.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth.

Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Only the man born into larger life can sympathize with the smaller life.

If any one of today's ads. contains a line of personal spleen—that ad. will be a boomerang.

Nothing is quite so near a living death as the sense of being forgotten by those you sincerely love.

People read and answer ads. through self-interest. The same motive rules the advertiser. Both are served—both profit.

If John Stockton will only "muzzle" some of his "friends" and give a few others "plenty of rope" he'll be nominated for Governor by the largest majority ever accorded a candidate in this State.

A Kentucky newspaper threatened to publish the name of the young man who was seen with his sweetheart's head on his shoulder if he didn't come across with a dollar on subscription. Twenty-seven came across.

When he lost out in politics, Hon. Thos. E. Watson, the meteoric and luminous Georgian, drifted into journalism; it is said that when he retires from the gubernatorial office in Mississippi that Governor Vardaman will begin the publication of a daily paper, and he promises to make it the best Mississippi has ever had; it is also stated that Governor Broward will take up journalism if he is not elected to the United States Senate. He will probably establish a daily newspaper in Jacksonville either to measure strength with The Metropolis or The Times Union. Hon. Geo. G. Mathews, representative from this county, has already taken up journalism, having already made his bow as the editor of The Polk County Record at Bartow.—Ocala Banner.

We are coming to see that the amassing of huge fortunes is the end that comes to the man who happens to play the winning card. Manipulation in the stock exchanges eats like cancer on the world's financial heart. For months there is no perceptible danger, but suddenly we awake to find that the deadly sore has eaten its way through some artery—and our financial ebbs away. A word about the Amalgamated slump the other day, written by a very trenchant pen, is recalled to mind since this big financial flurry that came so near being a national panic. He declares that Wall Street is the Monte Carlo of the financial world—likewise the flimflam-where an option on Mars or a trip to the moon is a legitimate business investment. Millions are swapped for the moon for the privilege of buying again. But something hit the otehr day. Because the Terror threatens to enforce probibily and anti-gambling laws there was an awful slump in fictitious values whereby our sure-thing friends of the effete lost a muchness of that sort of money. So serious a panic in wind that modest fortune went up in smoke, and more than a millionaire changed his mind and road. Lots of aristocratic parasites who have been peddling their papers on a billionaire license went broke. Naturally, this threw a slug into society.

"A POLICY; NOT A PROJECT."

The National Rivers and Harbors Congress, to convene at the New Willard, Washington, on December 4, 5 and 6, will be of the utmost importance. The second session since the reorganization of the congress, it will be memorable from the fact that it will give official stamp to the fact that it was brought into existence for the purpose of advocating a broad National policy with reference to inland waterway and harbor improvement, but committeed to no special project.

That platform, the justice of the demand for adequate annual appropriations for the great work of inland waterwayand harbor improvement, and the imperative necessity for increased facilities for transportation, have drawn the attention of all classes of trade and commercial interests to the coming session of the Congress. Opposition to the improvement of the inland waterway and the harbor has disappeared. The country has come to recognition of the fact that there is no possible hostility between the inland waterway and the railway, but that between the two there is nothing but healthy competition. That fact was given strong public recognition in the report of the special committee of the French Chamber of Deputies in 1903 in the statement that "Where transportation by water and by rail are both available, they complement and complete each other, the one transporting the heavy materials, the low cost of which is an indispensible condition to the vitality of industries which, in their turn, aliment the traffic of the railways."

To that wise conclusion the American people have come as well as the French Government, with France expending on the improvement of her rivers and harbors $1,120,000,000 up to 1906 and with the Government of the United States expending for like purposes only $470,000,000 up to and including the same year, and with France now engaged in the construction of a canal between the river Rhone and the city of Arles, only fifty miles in length yet at a cost of $13,703,000.

The wonderful success of the French system is due to the fact that France has stood for a policy and not for a project, with the French merchant, manufacturer and consumer reaping the benefits. Standing for a policy and for no project, insisting on adequate appropriations for the great work, annually made, the coming session of the National Rivers and Harbors Congress cannot fail in commanding the attention of the entire country and in impressing the strength and the justice of the demands of trade and commerce on the Congress of the United States.

From all over the world, Mrs. Isaac L. Rice receives greetings as the "Apostle of Silence," says The Delineator for November. Since the success of this modern crusader in overcoming the unnecessary blowing, screeching and tooting of whistles in the New York harbor, and the establishing of quiet zones about hospitals in her home city, she has been urged to wage universal war on noise. Although Mrs. Rice is the mother of five children and the mistress of a beautiful home on Riverside Drive, she devotes eighteen hours a day to her self-imposed task of making New York a more agreeable place in which to live. Although scarce a year has passed, she has accomplished wonders. Not only do the tugs and steamers up and down the Hudson and in the harbor of New York, ply their way without disturbing the residents who live along the shore, but the sick and wounded in the hospitals have been benefited by the vigorous crusade that Mrs. Rice has carried on. Drivers now are required to drive more slowly while passing in the neighborhood of a hospital, trolley cars slow down, and motermen may not clang their gongs, except in cases of danger, when in the vicinity of institutions for the sick. These reforms have been accomplished through the determined efforts of one small woman, who, after succeeding in making New York more quiet, turned her attention to foreign lands.

Mrs. Edward Kirby Smith, widow of the former Confederate general, died in Swannee, Tennessee, on November 3. She was about 70 years old and had been ill a week. Swannee has been her home since her husband became connected with the University of the South, many years ago.—Florida Christian Advocate.

Why the country should suffer financially on account of the misdoings of a lot of gamblers who haunt the stock exchange of New York City is beyond the comprehension of the average citizen. And why the Government should come to the relief of these same gamblers is still more beyond human reason. If the crops were a failure, and the people themselves should ask for assistance the chances are it would be denied them, even though they had contributed this money to the Governmental coffers. Only last week a Southern Congressman made application to the Treasury Department for a loan of seven millions to the cotton producers of the South, offering to give as collateral warehouse receipts showing that the cotton had been stored. The department refused to advance a penny. Yet when the gamblers of Wall Street, who try to control the price of cotton and other commodities without handling a dollar's worth of the real product, get into trouble the Secretary hurries to them millions of the people's money, and that without interest. This is not Republicanism or Democracy, but pure Americanism. The man who robs his fellow-men of his just dues is a criminal. The stock exchange and those who manipulate it rob. It is purely a game of chance. When they lose, they alone should be hurt. But our present system seems to make angels out of devils, citizens out of pirates.

Your competitor's bigger show windows, better location, bigger signs, bigger wall and poster ads. need not worry you. But if he begins to use bigger newspaper space than you do, then begin to worry.

ACCIDENT FAKIRS.

Men Who Are Able to Swindle the Insurance Companies.

"Accident insurance companies are very suspicious of all accidents involving injury to the knee, for it is on his knee that the accident fakir mainly relies."

The speaker, a surgeon, frowned and went on:

"There are men who make a living out of fake accidents. They travel from city to city; they insure in every company that issues accident policies; then, with a fake injury, they proceed to collect dues.

"An accident fakir—for so we call these men—has usually a knee that he can slip out at will. He purposely stumbles over an open trap or some hard, sharp obstacle, puts his knee out deftly, raises a big holler so as to secure a lot of witnesses and then hobbles home.

"He doesn't notify his insurance companies till the next day. By then his knee is so swollen that an accurate examination of it is impossible. We cannot tell whether it is one of those fake, self slipping knees or not. So we pay the man his money, and he seeks new pastures.

"There was one man—he is in jail now—who in nine years collected over $11,000 in accident policies with the help of a knee that he could slip out as easily as I slip my hand out of my glove."—New Orleans Times-Democrat.

HOW TO WIN BATTLES.

Men Who Hit What They Shoot at Are the Determining Factor In War.

Other things being equal, good shooting is the determining factor in war. Poorly drilled and hastily organized bodies of men can give a good account of themselves if they know how to shoot and hit what they shoot at.

In our war for independence, says Army and Navy Life, the colonists were woodsmen. They carried and used their arms to supply their homes with food and to protect them from the savage. As marksmen they vastly outclassed the British, and that more than anything else gave Washington the final victory.

Again, in our great civil war mark the effect of a general knowledge of firearms. In the south were sporting people. They were fond of riding and hunting. Shooting at target and at game entered into their sports and pastimes. The north was commercial.

Its men knew little or nothing of firearms save the flintlocks of their grandfathers, objects of curiosity in their shops or homes, except in the far west, where the life of 1776 was still being lived. The result was that in the east the southern troops were generally victorious for a couple of years until the northern troops learned to shoot. What little success the north had was in the west, where they were little better than a standoff.

A Case of Bluff.

"Talking about bluffing," said the horseman, "there was a chap who thought blacksmithing looked simple and easy, and so, being out of work, he decided to have a try at it. He went to a smith and asked for a job.

"'Well,' said the smith, 'you are a strong, likely looking young fellow. What experience have you had?'

"'Eleven years,' was the prompt answer.

"'All right. I'll try you,' said the blacksmith. 'Shoe that mare while I go home to dinner.'

"The smith on his return from dinner frowned and said to the new hand:

"'What! Haven't you got that mare shod yet?'

"The bluffer bit his lip, flushed and replied:

"'I can't get her confounded foot in the vise.'"—Exchange.

LINGERING COLD

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

BLOOD POISON

HUMILIATING-VILE-DESTRUCTIVE

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, which is quickly followed by a red rash on the skin, swollen glands in the groin, falling hair, ulcerated mouth and throat, and often copper colored splotches on different parts of the body. As the blood becomes more fully contaminated with the poison, pustular eruptions and sores break out on the flesh, and in extreme cases the nerves and bones are attacked and the finger nails drop off. Then the sufferers find themselves diseased from head to foot with this humiliating, vile and destructive poison. No other disease is so highly contagious; many an innocent person has been inoculated by handling the clothing or using the toilet articles of an infected person. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S. It attacks the disease in the right way by going down into the circulation, and neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, tones up the system, and completely and permanently cures this disease. S. S. S. has cured thousands of cases of Contagious Blood Poison. If you are suffering with this debasing and destructive disease begin the use of S. S. S. and get the poison out of your blood before it permanently wrecks your health. We have a home treatment book on the disease which we will send free to all who wish it, and in addition our physicians will give without charge any medical advice needed. FEAR OF THE FOREST.

The Feeling That Comes When One Finds Himself Lost.

One must be independent to enjoy the vast freedom of the woods, mighty and protecting, yet unfettering, gathering myriads of living things in safety within their shelter. It is a wonderful experience—and familiarity cannot lessen the wonder of it—to choose some unfrequented trail that the forest has half reclaimed and follow it for a time, then suddenly to stop and listen. The underbrush, the trees, the broken thread of path, which had seemed only to echo our footsteps and frame a human form, now in our silence give forth all the voices of the woods, elusive, intermittent, but alive—life everywhere, whispering warning of an interloper who may have come for evil or for good, and one feels without seeing myriad eyes upon him.

Have you ever been afraid in the woods? Not that mysterious awe of the first twilights that all know who have camped, when the silence is absolute, when shadows have swallowed up the distance and the light has almost faded from the sky, when one feels dimly the vast, latent power of nature around him with which some time or other he must struggle and conquer or be crushed. This fear of the forest was different. I was alone and lost. I had taken a false trail at some unblazed turn and of a sudden realized the truth. For a long moment I could think of nothing, see nothing, hear nothing, only be conscious of the fact of my utter helplessness. I felt the heart deadening panic of the trapped animal, wanting to run against my barriers on every side. Only a moment, I say, and then my reason was alert to solve the problem of return. But the mental experience left a vivid impression, and I can understand the despair of the really lost, wandering endlessly in aimless circles.—Outing Magazine.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

All's Fair In War.

"A tenderfoot once visited Tin Can," said a westerner, "and watched with interest the poker play. From saloon to saloon he passed. Everything was wide open and very gay and lively.

"But as he looked on at a poker game that had no limit the tenderfoot suddenly frowned. He had seen the dealer slip himself four aces from the bottom of the pack.

"'Gracious powers,' whispered the tenderfoot, excitedly clutching the sleeve of the man next him, 'did you notice that?'

"'Notice what?' said the other.

"'Why, that scoundrel in the red shirt just dealt himself four aces.'

"The other looked at the tenderfoot calmly.

"'Well, wasn't it his deal?' he said."—Washington Star.

A Good Liniment.

When you need a good, reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by all druggists.

Tetter, Salt Rheum and Eczema

Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

KILLED HER MISTRESS.

New Orleans Police Charge Negro Girl With Ghastly Crime.

New Orleans, La., Nov. 16—Wearing a silk underskirt and other clothing of her dead mistress, Clara Barrow, a negro girl, about 18 years of age, was on Friday placed under arrest on the charge of having murdered Mrs. Bessie Carter at the latter's residence in the old French quarter of New Orleans Thursday night.

The girl, who had long been employed as a confidential maid at Mrs. Carter's, was the first to give the alarm, and was suspected by the police soon after they began an investigation.

When put through the "sweating" process, she broke down and acknowledged that it was she who had taken a hatchet and inflicted the ghastly wounds in Mrs. Carter's neck and head.

She said that Mrs. Carter had tried to kill her and that she had used the hatchet in self-defense.

The police charge that robbery was the motive for the crime.

NUMBER OF STOCKHOLDERS.

Leading Railroad an Industrial Corporations Furnish Statistics.

New York, Nov. 16.—The leading railroad and industrial corporations have favored the Journal of Commerce and Commercial Bulletin with the number of stockholders on their books at this time and one year ago, from which it is evident that securities are being gradually assimilated by the people.

If the figures in each case have been compiled since the October panic, the increase in stockholders would have been much greater.

The returns cover over 35 leading industrials, with 152,744 stockholders and $1,777,000,000 capital this year, against 134,990 stockholders and $1,706,000,000 a year ago; also eighteen leading railroads, with 83,281 stockholders and $1,397,000,000 capital this year against 68,853 stockholders and $1,293,000,000 a year ago.

Charged with Aiding Embezzlement.

Birmingham, Ala., Nov. 16.—The cases of P. G. Smith and W. L. Sims, who are under indictment in federal court on the allegation o having aided and abetted former Paying Teller Alec Chisolm in stealing a hundred thousand dollars from the First National bank which Chisolm lost playing cotton futures in defendant's brokerage offices, will come up for trial Dec. 6. The trial of Leroy C. Harding, charged with embezzlement, is set for the same day. Harding conducted banks at Fort Payne and other Alabama points and is alleged to have obtained goods under false representations as to his firm, credit, etc.

SOME WILD RUMORS.

Ridiculous Reports, It Is Said, Are Being Given Publicity.

Paris, Nov. 16.—Distorted rumors concerning the character of the negotiations conducted by J. Pierpont Morgan & Co., with the Bank of France with the view to obtain between $20,000,000 and $40,000,000 in gold for direct shipment to New York which, after having been in progress since last week, were definitely broken off Thursday, have leaked out here, and the newspapers are printing the most ridiculous reports on the subject.

One of the news agencies tries to make it appear that the United States government was seeking gold for the purpose of filling its war chest in anticipation of hostilities with Japan.

This agency announced that a United States government short term loan was imminent and Japan had provided against its admission to the Paris bourse, believing "that the alleged dearth of gold in the United States is a bluff and that the crisis was deliberately premeditated in order to permit America to build up its war treasury."

Alleged Shortage in Accounts.

Gadsden, Ala., Nov. 16.—A sensation was sprung in the city Taursday when it was announced by the city officials that the accounts of ex-City Clerk Clarke had been carefully audited and there was found to be a shortage on the books of a sum approximating $1,700.61. The money unaccounted for is distributed over a period of two years from 1905 to 1907. Clarke resigned at the request of the city council in July last because of apparent irregularities in the business of his office. An investigation was immediately begun by City Clerk Wilkins and Accountant R. J. Hughs, with the above result.

Prohibition Election Ordered.

Montgomery, Ala., Nov. 16.—In pursuance of a petition filed by 25 per cent of the qualified voters, as required by law, Probate Judge Gaston on Thursday ordered an election in Montgomery county for Dec. 14 to determine the question of prohibiting the sale of liquor. The anti-prohibitionists succeeded in eliminating names from the original petition, but this left the prohibition advocates within the requirements. Of 3,661 voters, 915 were recognized on the list.

Well Known Actor Dies.

New York, Nov. 16.—Charles H. Drew, formerly a member of Frank Daniels "Sergeant Blue" company, who retired last June after being on the stage for forty-four years, died Thursday at his home here, of heart disease. Mr. Drew was 61 years old and was born in Massillon, Ohio.

The Truth Anyway.

A teacher in a tenement district hurried from the school to find the mother of a pupil who had been taken quite ill.

"Can you show me where Mrs. Angelo Scandale lives?" she inquired of a cherub transplanted from the sunny south to a dark, sunless alley.

"Yes, teach', I show you," and a willing, sticky hand dragged her on with such speed as to make her stumble over an Italian dame seated on the threshold.

After the teacher's breathless flight toward the clouds the little hand stopped tugging.

"There where Mees Scandale live," indicated the horizontal arm and finger, "but she downstair sitting on the step," finished the smiling lips.—Harper's Magazine.

Firstborns Will Agree.

They were discussing the law of entail—the English law bequeathing the bulk of the family property to the eldest son.

"There is 50 per cent of logic in that law," said a physician, "and if the family property went to the firstborn, whether son or daughter, the law would contain 100 per cent of logic. For the firstborn child is practically always the best—best in brain, in build, in beauty, in everything."—Atlanta Constitution.

THE HUMAN LOCOMOTIVE.

A certain man, because he was so strong and hearty, imagined he was a locomotive. There was, he thought, no limit to his vitality.

He regarded his stomach as the firebox. All he had to do was to keep the firebox full.

He followed the Mississippi steamboat plan, and crowded every old thing into his stomach.

One day when he was pulling a heavy load the firebox didn't burn right so the Human Locomotive stopped to investigate.

He found the flues choked, the firebox full of clinkers, and so stuffed with fuel that it couldn't even show a red glimmer.

Somebody told him to keep a clean fire with a good draught, and feed it regularly, with only a certain quantity at a time.

He was further advised to use **Rexall Dyspepsia Tablets** for the purpose of putting himself in first-class shape.

He did as he was told, and was soon able to pull and haul as well as ever. Besides he puffed less under a heavy load.

Rexall Dyspepsia Tablets are absolutely guaranteed to cure all the distressing forms of Dyspepsia and Indigestion, or we'll pay for all the medicine you take.

Cup Plates.

"These cup plates assure us that this 100 year old [illegible] service is the real thing," said the antiquary. "They stopped making cup plates 100 years ago. Cup plates were sent on 'show how table manners change.' Now do you know what they were for? They were to hold your dripping cup of tea after you had poured a part of it into the saucer to cool. I am so that the cloth should not be stained. Yes, in the past everybody drank hot tea from the saucer—kings and queens, emperors and [illegible] with a gurgling sound that fell sweet with careful balance on the lips. The cup, meanwhile, rested on the cup plate."—Cincinnati Enquirer.

Awful Blunder.

Newspaper Office Boy—Oh, there's been an awful time up in the editorial room to-day. Business Manager—Eh? What's the matter? Office Boy—The hall porter made a mistake and put the "No Admittance" sign at the subscription office and the "Welcome" doormat in front of the editor's room.—London Tit Bits.

A Delicate Hint.

Two very cadaverous looking tramps looked in at the window of a railway station where a telegraph operator sat at his key.

"Say, pardner," one of them said in a very husky voice, "report a couple o' empties goin' east."—Harper's Weekly.

A Red Headed Match.

While in a tobacconist's shop a gentleman asked a girl behind the counter, who happened to have red hair, if she would oblige him with a match.

"With pleasure if you will have a red headed one," she promptly replied, with a suggestive demure smile that aroused his interest.

Further conversation proved her to be a person worthy of regard, and eventually the red headed match was handed over.—London Punch.
